Fairy Playgrounds

-By the Sea
Cool Nights Refreshing Days

The Maritime Provinces—Nova Scotia, New Brunswick, and Prince Edward Island—have allurements for the tourist so numerous, so varied and so readily accessible, that they are in fact, fairy playgrounds by the sea. Throughout the entire provinces is the salt tang of the sea; the ozone of the mountain, moor and lake; the restful balm of Nature's quiet places in an appropriate sale climate. Nature's quiet places in an unsurpassable climate.

Historic Quebec and Montreal—the commercial metropolis of Canada—have old-world charm.

Newfoundland and the Miquelon Islands offer novel tours—different than may be expected elsewhere in America. Come, while away the summer days.
